### Important Notice

Tyre applications depend on many variables:

Abrasive nature of the road/track surface  
 Ambient and surface temperatures  
 Bike horsepower and power delivery  
 Riding style  
 Suspension setup  
 Weather conditions (rain, sun, wind etc)

This application guide is therefore for reference only and cannot be taken as a definitive guide

### Key to ratings:

\*\*\*\* Optimum  
 \*\*\* Good  
 \*\* Serviceable  
 \* Useable with care
